

2009 01 22 Thu

Last night Ravi Menon and Meghana Menon taking turns targeting me with the radiation - like a tag team, each time I shouted out, they would switch positions. Woke up in the middle of the night with intense discomfort in chest and abdomen, Ravi Menon was intently targeting me and muttering as I shouted, then Meghana Menon taking over - continuing with the same routine.

Now 1:10pm in my study, the radiation is increasing, its Meghana Menon on sadism duty below me.

2009 01 21 Wed

Last night the usual radiation pattern, uncle and niece taking turns to spike the radiation. This morning, the police perverts arrived in the neighbourhood to intimidate the residents in the neighbouring buildings. It sounded like the fellow who had spoken to me on the phone yesterday afternoon was part of the group of corrupt maggots. **"Public" servants working as private servants. Facilitating crimes against indian citizens on behalf of foreign sex deviants.**

2009 01 20 Tue

Radiation started in the morning - several burst of high radiation as i sat in my study, then after I had shouted enough to satisfy the Menons sadism fix, they settled down - Satan jr. outside crowing that the Uncle-Niece combo had gone to another room to have sex. Rest of the day, the radiation stayed at discomfort levels.

Mid-afternoon I got a call on my landline from someone claiming to be calling from the Byappanahalli police station. Saying that they had received a "petition" - finally saying it was from "NHRC" - asking me to come to the police station. I refused - saying I would speak to the NHRC, a high court judge or the CBI, that it was a waste of time speaking to the police, I had been submitting complaints since 2002, that in my opinion they were a mafia organization. He seemed happy enough.

2009 01 19 Mon

Last night, more police pervert maggots arrived to do the street drama routine - obviously the word has gone out and they are all interested in the bounty of bribes to be collected for protecting these sex deviants.

Both Ravi Menon and Meghana Menon targeting me through the night.

Now 1pm, very high radiation in my study - both Ravi Menon and Meghana Menon active on sadism duty below me.

7:50pm, the Menons have been keeping the radiation at discomfort level all day, targeting my entire body - abdomen cramping, discomfort. Now the radiation is steadily increasing, its Ravi Menon on sadism duty below me.

2009 01 17 Sat

10:20pm, for the past 3 hours or so, the Menons have boosted the radiation in my study. Meghana Menon in particular seems to be frustrated and itching to get back into some serious sadism.

10:55pm, the Menons have increased the radiation again - now very high, targeting my entire body. The degenerate Menon sadists have been very deliberate in their sadism over the past few days - tuned to the reaction and presence of the police perverts outside.

2009 01 16 Fri

Went to SP road to buy some electronics components late in the morning - followed by an entourage of these homosexual perverts - the north indian "master" staying at a safe distance, two others following me into the shops and making inane comments - standing next to me to pick up and fondle the components I had just ordered that were on the counter, and asking the salesmen about them - perverted bastards for hire.

A day of lower radiation from the Menons - just kept at discomfort level targeting my chest and upper body. But now at 10pm in my study, I just got a spike of radiation in my back. Its Meghana Menon experimenting to see what my reaction and the reaction on the road will be. She seemed pleased with the reaction both by my shouting and the response on the road, muttering dramatically to herself in satisfaction.

2009 01 15 Thu

This morning, as I still lay in bed, the government jackals doing their usual roadside nautanki (they love the sound of their own voices pontificating and offering opinions on the "stringent action" to be taken "soon"). Ravi Menon and Meghana Menon unimpressed by the performance, they were busy strategizing below. Meghana Menon again this morning in the role of sadism mentor to her little sister.

10:55am already very high radiation in my study - Ravi Menon targeting me from below.

The behaviour of these government sex deviant maggots on the road remind me of cheap one-camera setups for soap operas/sitcoms. All the characters in the scene line up on the set in a row, and take turns delivering their scripts while the others mug for the camera. In this case, even as the "good" police officers making dramatic announcements walk on the street, the perverts walk alongside them elaborating on their comments - a travelling show of pervert circus freaks!

Pious Evil - similar to priests who sodomize altar boys and present themselves as mentors, saviours and protectors of the community. Ravi Menon below going "i am a patriot!", the marwari pervert youth with his mother at the immigration counter showing his "parchi" complete with the Ashoka pillar emblem and declaring dramatically "i am on a mission for the country!" These human parasites have only one mission in life - voyeur sadism.

Anarchy, institutionalized corruption - businessmen, bureaucrats, police, army, doctors, politicians ... difficult to find anyone in authority with professional integrity and a spine.

1pm, radiation increasing again - very high now, targeting my head as I sit in my study. Its Meghana Menon. So the torture cycle pattern repeats, after the crescendo over the past couple of days of mea culpas, new police officers doing their investigation naatak, homosexual 'woe is us' drama, **all the sex deviant players are back to business as usual... voyeur sadism.**

3:10pm, Nagaraja arrived outside on the road bleating "saare adangi iri-kye ...", and immediately Ravi Menon and Meghana Menon getting below me to spike the radiation - they were actually sniggering in satisfaction.

4:45pm, high radiation in my study, Meghana Menon on sadism duty below me.

5:05pm, Meghana Menon getting excited - Nagaraja is outside doing his patented homosexual drama queen act on the road next to the other perverts, and the little depraved monsiter is very active below me now, spiking the radiation, waiting for the reaction, moving around and muttering to herself.

8:20pm, Meghana Menon below me again increasing the radiation - very eager this time. Some nimhans perverts had arrived to do some stimulation nautanki on the road to get her worked up.

9:30pm, the Menon sadism duo have been excitedly following me from study to kitchen and back - keeping me targeted every second - Meghana Menon seems to have found a new sadism zeal today. Outside one of the pervert police making his presence known by periodically squawling "saare! saaare!"

2009 01 14 Wed

Meghana Menon took over the radiation first round last night, then Ravi Menon in place.

This morning, as I lay in bed, Meghana Menon was training her little sister to use the radiation torture equipment - "don't hold it like that!", Ravi Menons wife making indulgent comments as if the kids were playing with a toy. The smaller girl used the radiation equipment on me for maybe 15-20 minutes, then left it to Meghana Menon.

Now 6:35pm, Ravi Menon giving me an experimental burst of radiation, to relieve his compulsive sadism and more likely to check the response from outside on the road - Nagaraja and his sidekicks "Kumaresan?" and the SP, are not there right now to make him feel safe.

2009 01 13 Tuesday

Ravi Menon concentrating on the sadism last night, with Meghana Menon by side asking for her turn and being denied - they were like two children fighting for their chance to play with a toy.

Ravi Menon systematically cycling the radiation every ten minutes or so waiting for me to shout out - this went on for a few hours. The police

and nimhans perverts standing outside to monitor the sadism. As usual, after several hours of this, Ravi Menons wife coming rushing over to "stop" the sadism - as if a kitchen timer had gone off - they all then settled down - the radiation then focused on my abdomen at a lower level - it appeared Meghana Menon had finally been given her turn. A new duo of police fellows arrived to comment on the situation - they all seem to be intrigued by the peep show and sadism as if it is some new sort of entertainmen. In the morning, more of the usual nautanki by the police and nimhans pervert maggots, on the road.

Now 10:25am - both Ravi menon and Meghana Menon right below me and have set up the equipment - my abdomen being targeted now.

10:20pm, the Menons increasing the radiation in my study - they have been circumspect today for some reason - now spiking me to see if they get a reaction - likely fidgeting waiting for me to go to bed so Ravi Menon can get his homosexual sadism fix, with Meghana Menon asking for her "turn", and Ravi Menons wife arriving dramatically below to join them after a few hours to "warn" them and "stop" them. Then they settle down to casual radiation - a few desultory spikes for yawns.

2009 01 12 Monday

Today asked the security guard at our building to keep my mail instead of putting the letters in my mailbox. In the evening I received the second parcel from my french pg contact - he had sent it by dhl and given me the reference number this time, a few days ago. The earlier parcel never arrived. When I went down to sign for it, the perverted marwari who lives in the geetanjali enclave building opposite was shouting somewhere in the vicinity. Don't know if someone had already tried to hijack the parcel - when I signed and put my phone number, I found someone else's number and signature already in the same box that had been canceled out.

2009 01 11 Sunday

8:55pm, Meghana Menon appears to have stimulated herself enough to start the nights sadism - Inspector Nagaraja outside to get her excited. Just got a few bursts of extreme radiation as I sit in my study. When I shouted, she started talking to herself - she really seems to be sexually excited by my reaction to the torture. This time she began the muttering with "my mother..." then "we have proof!".

Have not found any letters in my mailbox for the past two months - not even bills or credit card statements.

I have not received a parcel sent from France by a paragliding contact.

A mutual fund dividend cheque has also not arrived.

According to Inspector Nagaraja's bragging broadcasts, it appears Meghana Menon and Monish Das have been entrusted with the organized thefts from my mailbox.

2009 01 10 Saturday

Radiation all night long - no spikes, just continuously on enough to keep me shifting in my bed trying to avoid the beam, fitful dozing while the Menons sauntered around underneath me in a casual manner all night. The Police SP hanging around to ensure the sadists were happy - one of the malayali maggot "reporters" mentioning the name "Rangarajan" - at least thats what it sounded like.

Now 3pm, Meghana Menon unable to handle not having spiked me with the radiation all day - or more likely the little sadist maggot was asleep all day and just woke up. I just got a massive burst of radiation in my study - skin prickling all over my upper body, back of my head now hurting. The filthy little sadist is now below me muttering to herself to work herself up.

8:35pm, the Menon maggots again boosting the radiation as the police perverts - Nagaraja, "Kumaresan", "Rangarajan" and their sidekicks have arrived on the main road to start the nights homosexual drama queen nau-tanki and sadism.

I shouted out a few times and each time, Ravi Menon below me responding to the shouting by giving me another burst of radiation.

9:05pm, Meghana Menon below me taking her turn in the sadism tag team effort - spiking the radiation to get me to shout out.
