

2010 Apr 23 Fri

Last night I got no sleep at all, the trio of Ravi Menon, Meghana Menon and Jyothsna Menon all awake below me and periodically boosting the radiation each time I was dozing off - I was shouting out as loudly as I could maybe every ten minutes to half an hour or so, all night long.

The trio of psychopaths below me were behaving as though it was the middle of the day - casual conversations with each other. After I shouted out once, Ravi Menon underneath me talking to me “nyaan psychopath aano ? ninde thala potti !”, then Jyotsna Menon very casually telling him “they’re not going to do anything to him. His uncle has asked for a report on the action taken by the police”, and Meghana Menon alternately taking her turn in the radiation torture and reporting to her aunt that Ravi Menon was overdoing it.

Outside the usual police sex deviant nautanki, Nagaraja & company stimulating and encouraging the Menons to keep the radiation going, Nimhans female sex deviant coming by with a police paandi “praarthana cheyino nyaan parniyon?” (Ashwathanarayana ?), and the “doctor” threatening the neighbourhood residents.

Apparently when I yell and scream at the top of my voice in the middle of the night, from a luxury flat in Bangalore, and the nearby residents call the police control room (they have given up on calling the Byappanhalli station), they are promptly told to shut their windows so that they will not be disturbed by my screaming, and go back to sleep.

2010 Apr 22 Thu

11:05am, in my study, already the radiation is very high, constant. The Menons below me appear to be quite satisfied with their pedophile sadist notoriety, apparently convinced that they have compromised enough “velliya aale” to keep them untouchable.

I get the feeling the trio are untouchable for different reasons - Meghana perhaps for her minor status and her participation in sex acts with so many of the sex deviants involved, but I wonder about the reason why the Nimhans and police deviants are so circumspect with Jyotsna and Ravi Menon - they did not behave the same way with Meghana’s parents Bindu and Ashok Menon (both have disappeared for the past few years).

Am wondering if Jyotsna has a foreign passport. Regarding Ravi Menon, from the very start the police and Nimhans paandis have been very careful with him - happily watching from the road outside the building, even as he has noisy attention-getting sex inside their flat with his minor niece. Some of the malayali “journalist” paandis outside have been broadcasting about the Menons connections with Karnataka judiciary and a high court “protection” letter that they have been given. These are the same malayali fellows who have been arriving in the middle of the night to broadcast that the Menons have a couple of other residences kept locked, while their extended family lives downstairs, and that the alleged hawaala criminals sponsoring the sex deviants party were working for the Birlas.

Radiation peaking several times in the evening today, both Ravi Menon and Meghana Menon taking turns to cycle the radiation - switching positions when I shouted out for several minutes.

Now 9:55pm, radiation in my study is very strong, for the past three days, the Menons have been targeting the centre of my chest at night - constricted, painful feeling that lasts for a while even after I get up in the morning.

2010 Apr 20 Tue

9:20pm, very high constant radiation in my study for the past couple of hours. Outside the core paandis including Satan jr, the Nimp, Nagaraja etc. all very carefully orchestrating their moans and groans about imminent justice, to ensure the Menons are adequately stimulated for the torture session. Skin prickling all over my body, it’s Ravi Menon on sadism duty right now.

A few days ago, bomb blasts at the cricket stadium in Bangalore, while the “elite Karnataka anti-terrorism and intelligence officers” were roaming outside my building and monitoring my urination, defecation and passing gas with their usual dedicated homosexual voyeur sadist fascination. I gave away my TV a few months ago, and only found out about the bomb blasts from reading the papers the next day - there was no change in the routine of the police

sex deviants that evening or during the night !

And the police commissioner's immediate response to this crisis ? That the IPL management were "spoiling Bangalore's name" by relocating the semifinals.

9:30pm, have been shouting out as loudly as I can for ten minutes, outside traffic on the main road honking each time I shout out, Ravi Menon making grunts of satisfaction with the increased attention. Radiation decreased for a few minutes, now high again.

A couple of days ago, while I was driving back into the building basement garage, found an older, south indian woman standing at the security guards desk - she had one of the security guards log books open in her hands, and obviously she had been waiting for me to get back. Started the paandi script immediately as I turned into the garage "My daughter is not a criminal, she is sick" - followed by threats to me, more about how they would not leave, "this is our property" etc. Am pretty sure this would be Sudha Balivada's mother, as in all these "normal" families involved, cold-blooded psychopath behaviour seems to be a family trait.

2010 Apr 19 Mon

Almost no sleep last night, as a police paandi came prowling around the building with a walkie-talkie, encouraging the Menon sadists - Ravi Menon, Meghana Menon and then Jyotsna taking turns to torture me - keeping the radiation high all night. Jyotsna doing the last shift, threatening me "i'm going to fix you!".

This morning, Meghana Menon was on torture duty earlier than usual - taking advantage of the rest shift she got last night .

Now 9pm, very high radiation in my study for the past couple hours, raising welts on the skin on my arms - sustained and high, Ravi Menon on sadism duty below me.

2010 Apr 16 Fri

Constant radiation last night, did not sleep much. Early am, Meghana Menon probably waking up a lot of people in the building with what sounded like sexual moaning - it was loud enough to wake me up from my dozing. She and Ravi Menon appear to be now trying to get attention not only from the sadism but their sexual escapades.

8:30pm, lots of sounds of hammering downstairs for the past half an hour or so.

2010 Apr 15 Thu

Last night the full police paandi force was out on the main road, Ashwathanarayana doing his best Lion of Karnataka imitation "Nee pattar maare aanu..." "aare nokula ..." that no one in Karnataka would take action on my complaints.

Then the usual excited Nimhans cast of psychopaths vying with each other, one female saying to someone .. "Sir, thank you for coming at such short notice" ... meanwhile the Menons below fascinated by the nautanki outside - the whole cast of perverts feeding on each others stimuli ...

This is not government indifference or apathy towards my complaints - this is unmitigated psychotic evil. And am sure after my visits to Hampi and Varkala in the past few months, the sex deviants have now a half dozen more dedicated psychopaths on standby like the fellow they call "pulitzer prize" - the local police referring to these foreign perverts as "vella-kaare saare, velliya aale, saare!"

2010 Apr 14 Wed

In the late afternoon, after lots of sounds of hammering downstairs in the Menons flat, I was puzzled to hear some beeping sounds coming from my kitchen. When I went to the kitchen, checked my appliances and finally found it was my wall mounted Aquaguard. I have not used it for the past 4-5 years, after finding that my water supply had been routed through the Menons flat. The last time I checked, a few months ago, even the electrical connection was not working, the wall mounted plug socket having no power.

But I found yesterday evening that the light indicator for the power switch for the Aquaguard was on, it was the Aquaguard that had made the beeping noises ! So the Total Environment builders have been routing my electrical circuits to the flat below as well. Even in the basement garage, the circuit breakers for all of the other 7 flats in this building are in one block, the circuit breaker for my flat is in a separate compartment with a different switch.

Every now and then, the main circuit breaker in the basement trips - for no reason that I can figure out, not related to my switching on or off any appliance. And especially considering that I am alone in my flat, and the only major appliances drawing current continuously are the fridge and my computer.

2010 Apr 13 Tue

The Menons have been following the same ritual for the past week. Radiation picking up in the afternoon, peaking in the evening until I shout out and there is some commotion in the street to satisfy the Menons need for attention. They then settle down to wait until I go to bed, radiation slowly peaks again, they are active underneath me all night, and by early am the set nautanki repeats - Jyothsna reprimanding her husband Ravi and Meghana Menon or weeping about the "sacrifices" she had made for the family, Meghana Menon doing some version of "oh, what are we going to do?" and Ravi Menon either making animal noises or threatening to fix me or all the other paandis.

Outside, its the same cast of perverts - nimhans female doctors rapidly moving around the building to deliver their sound byte threats and status broadcasts, AshwathaNarayana arriving to make his threats - this police inspector apparently doesn't have the courage to raise his voice when he stands outside my building to tell me he was right in telling me to "pray to God". Like all the sex deviants roaming outside my building, they make rapid walk-bys - they do not want to risk a humiliating run for cover if they hang around long enough for me to actually respond by coming to the balcony, or outside my flat. Nagaraja and his sidekick doing their usual routines - other senior paandi police arriving in the morning to reprimand them and remind everyone in the neighbourhood, that nothing needs to be done, that all of the sex deviants are being investigated, with a report being sent to "XYZ", XYZ currently being some IG of police, any day now.

Today, got a phone call on my mobile in the afternoon from one of the paandi families - some girl making a strange wailing noise and then promptly hanging up as soon as I said "hello" - call was from +919731720625.

2010 Apr 09 Fri

Drove to the Nilgiris store in Kaggadasapura, when I got the checkout line, first a tall bespectacled south indian woman, then a fair north indian woman, walked into the store, separately - then talking to each other. The south indian woman loudly - "He doesn't want to talk to anyone about his problems?" The north indian woman with a demented smirk on her face nodding her head wisely. The staff at the store seemed to think they were Nimhans paandis.

2010 Apr 08 Thu

Driving on old madras road between 80ft road and 100ft road around 11am, a vehicle - maybe hyundai - pulled up level with me on my right then began edging towards me even though there was space on his right - even as I took evasive action by moving to the left, the fellow continued to do this, then with one last swerve, moved to right lane. Fellow with glasses driving - big smirk on his face, muttering something, license plate TN 07 AM 1108.

Usual high heat radiation in my study, picking up in the evening, continuing all night. When I went to bed, there was a burnt smell in my room, and downstairs Jyothsna was doing her paandi routine of calling someone to complain that she could not control Ravi Menon.

2010 Apr 07 Wed

High heat radiation last night targeting my genitals, both Ravi menon and Meghana Menon on active torture duty, the usual self-stimulating paandi drama outside on the road with several nimhans paandis, police paandis and the core group of Satan jr., the Nimp, Nagaraja et al all vying for attention.

Now 4:50pm, Meghana Menon and Ravi Menon are now suddenly active after being dormant most of the day. High heat radiation now in my study targeting my upper body.

2010 Apr 06 Tue

Got my electricity bill yesterday, with no arrears, the amount (Rs 1263) is twice the amount I normally pay.

9:40pm, very high radiation for the past few hours in my study, Ravi Menon below me keeping me targeted while the core paandis Satan jr., the Nimp and Nagaraja mournfully declare their impending doom - they do seem to be enjoying themselves a great deal. After I wrote this, the radiation increased again - now both Meghana Menon and Ravi Menon underneath me.

2010 Apr 05 Mon

The nimhans and police paandis trying to outdo each other to get attention today. Some police paandi arriving to announce that one of the core sex deviants was a "darwaan" who had got a "Secret Service appointment". More paandis arriving to get into the drama.

Tried to get some sleep this afternoon - Meghana Menon and Ravi Menon immediately on torture duty below me, after a while, they got excited, and the familiar sounds of Meghana Menon and her uncle having sex below me. A few minutes later, lots of arguing - "I didn't do anything!"

Now 6:50pm, in my study, high radiation, my skin prickling.

From the drama of the past few days, it appears that some friends of the family had come to confront Jyothsna Menon about her daughter "she's your only child!" - apparently the girl was now staying with them. It was this girl (maybe this is the Videesha (sp?)) that Satan jr is crowing about) that was shouting "you're a horrible man!" to Ravi Menon the last time he and his minor niece Meghana had a sexual encounter. I have no idea what these psychopath sex deviants have been promised by their marwari masters in return for this, but they certainly have a one-track fixation with the sadism and voyeurism. No idea what the family (likely their lawyer) has threatened to blackmail the authorities with - possibly recorded sex with Meghana ? recorded conversations with Nagaraja/Ashwathanarayana, or the "secret tribunal" ?

But Ravi Menon and Jyothsna Menon appear to be untouchable - the police perverts and nimhans psychopaths standing outside the building while the uncle has sex inside with a minor girl, his own niece, after the duo get sexually excited by torturing me with radiation equipment. Not credible India !

9:20pm, high constant radiation in my study - targeting my upper body.

2010 Apr 03 Sat

The sex deviants seem to be thrilled by my last update to website - intense paandi drama in this building and outside - regular Hindi movie ishtyle - villainous threats, counter-threats, etc. And of course, all the while, the Menons keeping me targeted with the radiation - its been pretty much constant all day - high heat sensation continuously.

Periodically Nimhans paandis arriving for breathless questioning, warnings - Satan jr. and the Nimp voices getting fainter as the "good guys" threaten to finish them off, then they return as soon as that scene is played out to resume their "fuck you" "i'll kill him!".
